# DSB ACE-12

## Drawing Storage Enclosures

Be sure to secure vital documentation such as evacuation routes and layout drawings in a safe and easily identifiable location.

The DSB securely holds up to a 36" tall architectural roll of drawings. One inch tall lettering silk-screened with permanent white indelible ink on two sides provides 180 degrees of viewing for immediate identification for emergency responders.

### SPECIFICATIONS

The Drawing Storage Enclosure shall be UL listed, constructed of 18 gauge cold rolled steel, and shall be painted with durable powder coat. Overall dimensions will be 37" tall, 6" wide and 4.25" deep. The access door shall be lettered on two angled sides of the cabinet, providing 180 degrees of viewing with "SYSTEM RECORD DRAWINGS" or "ERCES/BDA DOCUMENTS" or "SPRINKLER SYSTEM DOCUMENTS" in white indelible letters minimum of 1" in height. The door shall have a stainless continuous piano hinge. The door shall be locked with a keyed 0.75" barrel lock. Inside the enclosure shall have an adjustable hook and look strap to secure drawings. Location to hold keys and secure emergency contact information will also be included.

### FEATURES

- Durable 18 gauge steel construction
- Dimensions are 37" tall x 6" wide x 4.25" deep
- Continuous stainless steel hinge
- 1" white indelible lettering
- Holds up to 36" long rolled documents
