

When your professional installation requires battery backup storage compliant with NFPA 72 (1-5.2.9), the BCA is your ideal solution.

With the ability to be securely wall mounted, these cabinets allow easy access to your batteries for quick maintenance while reducing the risk of unnecessary power drain, interference or degeneration.

### SPECIFICATIONS

The BCA Battery Cabinet is constructed of 16 gauge cold rolled steel and finished with a complete interior and exterior durable red or black powder coat. The front cover features a CAT 30 keyed door lock and liftaway hinge. Overall dimensions measure 22" wide by 10" high by 8 1/2" deep or 30" wide by 10" high by 8 1/2" deep or. Four 1/2" and 3/4" EMT conduit knockouts are included on the top and sides of the enclosure. The battery cabinet meets NFPA 72 (1-5.2.9) and National Electric Code requirements. Batteries not included.
